CUTTING THE CAKE — Judge Louis J. Hardie, of the Albany-Berkeley Municipal Court was honored last week by friends and associates on the occasion of the 20th anniversary of his career on the Bench. With his associate Judge Redmond C. Staats Jr., his wife Mrs. Louis J. Hardie, and his twin brother Albert looking on Judge Hardie had the pleasant task of cutting the 'birthday' cake at the informal ceremony in Judge Staats' court room. Representatives of the county and city legal departments were also present at the ceremony. Judge and Mrs. Hardie reside at 1106 Curtis Street in Albany. The Judge has long been active in civic and fraternal affairs in this city.

High Sierra Life In Luxury to be Told By Rotarian

Snow in winter; trees, wild life and fishing in summer are among the fine things of life we are told by our fellow Rotarian Tony Montano enjoys on weekends and, perhaps at other times, when he forsakes business life in Albany for his luxurious cabin near Long Barn.

This coming Tuesday Tony will tell his own story of "back country" living where he can ski, or fish, or loaf at will, to his fellow Rotarians, visitors and guests at the Albany Rotary Club luncheon at Spenger's on Fourth Street in Berkeley.

Last Tuesday the club was fortunate in obtaining Lt. Col. Anderson, Strategic Air Command, Travis Air Force Base, for its speaker. Col. Anderson explained with maps and charts the duties and scope of his service, and the work "SAC" will have in case of a 3rd World War.

Nurse at Cornell To Be Speaker at Auxiliary Meet

Mrs. John Tulbury, nurse at Albany's Cornell School will be the speaker at Monday's meeting of Albany Unit No. 292, Legion Auxiliary. The meeting will be held at the Veterans Memorial Building, and will start at 8:15 p.m. Mrs. Katherine Hammer, president, will preside. There will be a brief business session before the speaker program.

Mrs. Margaret Hanahan, past president and now community services chairman, and Mrs. Dorothy Nielsen, motion picture chairman of the unit will be in charge of the program.

Mrs. Tulbury will speak on the subject, "Community Service to Our School".

Mrs. Edith Babbington, 10th District Community Service Chairman, will be the guest of honor.

Irene J. Glasson Gets New Post at Bank of America

Irene J. Glasson, 612-B San Gabriel Avenue, Albany, is featured this month in the Distinguished Bank Women section of BANK AMERICA, magazine published for the 23,000 employees of Bank of America.

Miss Glasson was promoted last month to assistant operations officer at the bank's Solano Avenue branch.

She began her banking career as a secretary at the 11th and Broadway branch in Oakland in 1929 and gained experience in the safe deposit and collection departments at the Richmond branch.

At Solano Avenue she has worked as commercial teller, general ledger bookkeeper and secretary to the manager. Her banking experience became even more diversified when she spent a year, 1944 through 1945, in the Standards department at the San Francisco head office.

In 1955 she was promoted to junior officer status at Solano Avenue. Miss Glasson is treasurer and past president of El Cerrito Young Ladies' Institute and an active member of the Solano Avenue Merchants Association and the National Association of Bank Women.

Job's Daughters To Hold Initiation

Bethel 265 and Bethel 87, International Order of Job's Daughters will have a joint Initiation Ceremony, Monday, March 25, at 7:30 p.m. in Thousand Oaks Masonic Temple. The Scouter's Award, one of the very highest awards in Scouting, was presented to Commissioner Paul Calderhead at the last monthly meeting of the Commissioners at the Mt. Diablo Council office.

Ray Balmforth, Scout Executive, made the presentation, citing the concentrated three-year program of service necessary to attain this award. Mr. Calderhead accumulated his necessary requirements by serving as instructor for the Basic Course for Scoutmasters for the Mt. Diablo Council. During his Scouting career, Calderhead has served in the following capacities: Cub Scouts — Chairman, Cubmaster, Assistant Cubmaster and Committeeman; Boy Scouts — Chairman, Scoutmaster and Committeeman. In addition, he organized Troop 46 and Cub Pack 27 last year. At the present time, Mr. Calderhead is serving as Commissioner for Packs 7 and 27, and Troops 45 and 46 in the Albany District.

Plans for the annual dinner for the Albany High School Band will be the main order of business when President Val Pedersen calls the regular monthly meeting of the Albany High School Dads' Club to order at 8 o'clock on the evening of Tuesday, Mar. 26, in the High School Cafeteria. This will be the fourth consecutive year this event has been held to honor Mr. Douglas's fine musical aggregation as well as the cheerleaders, pom-pom girls, and drum majorettes all of whom perform with fine school spirit and ability and yet with so little recognition. Any Albany High dad who would like to help out is urged to attend this meeting, and your help will certainly be appreciated.

Also on the agenda is the appointment of a nominating committee to select candidates for next year's officers for consideration at the next meeting. Refreshments will be served.

Mothers and daughters of Bethel 265, International Order of Job's Daughters, have been busy making decorations for the official visit of Mrs. Fay C. Bruner, Grand Guardian, on Mar. 25, at a joint meeting with Bethel No. 87 of Berkeley. Following mothers and daughters have participated: Mmes. Pavoni, Pruden, Street, Wells, Nicholas, Michelson, Blomgren, Brandt, Johnson and Woodward; Girls — Virginia Street, Donna and Diane Pavoni, Marilyn Nicholas, Karen Michelson, Janice Wells and Linna Sharnsmith.

According to offices of the Matson company in San Francisco, when its luxury liner Mariposa sails out the Golden Gate tomorrow for Sydney, Australia, via Honolulu, Samoa, Fiji and New Zealand, among the passengers will be Mrs. Harold M. Harrison and Miss Lynn, and Master Scott of 601 Kains Ave., Albany.

Swimming Title Championships At Albany Pool

The Senior Pacific Associated Synchronized Swimming Championships will be held at the Albany Pool, Portland and Pomona Avenues, Albany, California on Sunday, March 31. The preliminaries will start at 10:00 a.m. — the finals at 2:30 p.m.

All contestants must be registered with the A.A.U. All teams and duets must represent an organization, club, or school — but solo entries may be unattached. All entry forms can be secured from Norma S. Olsen, Commissioner Pacific A.A.U., Athens Athletic Club, Clay Street, Oakland.

Sponsoring these Synchronized Swimming Championships are the Albany Y.M.C.A., Albany Exchange Club, Albany Junior Chamber of Commerce, Albany Lions Club, Albany Rotary Club and the Albany Soroptimist Club.

It is the hope of these club representatives that formulate the committee that a synchronized group can be organized for Albany. Special honor and recognition will be given the five Albany girls (three Pawson girls) Dawn, Joan and Lynn and the two Wood girls) Joelyn and Lora, for their pioneering work in the synchronized field.

Sharon MacFarland Enters Miss Albany Beauty Competition

Miss Sharon Lee MacFarland is one of the many who recently have made application to run for the title of "Miss Albany." She stands 5'2" tall at 103 lbs., light brown hair with very captivating hazel eyes. She recently won a trip to Hollywood on the Del Courtney Talent Show and had leads in operettas such as "Merry Willow" and "Trial by Jury." She also sang on a coast-to-coast radio program in Hollywood where she made several TV appearances. She studied at Fred Waring's Music Workshop when back east.

Entrants must live in the near bay area and must be single between the ages of 18 and 28 as of September 1, 1957.

The "Miss Albany" contest sponsored by the Albany Jr. Chamber of Commerce will take place at the Albany High School May 18, 1957. We need your help in encouraging more girls to apply by calling Pageant Director Jerry DuMont, at LA 44-7001 or Director at Large Larry Schultz, at LA 6-6027.

Zorah Grotto Plans Master Mason Night

KEY ROUTE WIDENING PROPOSAL OPPOSED

Strong opposition developed at the council meeting Monday night to the proposed widening of Key Route Boulevard.

Out of a total of 59 residents affected, 55 signed a petition of protest, and many of them attended Monday night's meeting to voice their disapproval of the plan.

Objections varied from assertions that widening the street for the three blocks involved would create a "speedway" and would further increase the hazards for children living on the street. Others appeared to be laboring under the erroneous impression that the city contemplated taking a slice off each lot in order to carry out the project.

City Engineer Wayne McAuley took the platform and outlined the details of the proposal, the reasons for its being studied and suggested, the way in which it was proposed to be done.

He said that by taking out the parkway of five feet, and the five-foot sidewalk inside the parkway on the east side of the street, an additional ten feet could be obtained for the vehicular area. He admitted there might be a few homes where the driveways might have to be altered slightly to conform to an increased grade to the street level, and that in one or two cases the steps and porches might have to be changed somewhat to conform, but that in no case did the city contemplate taking any property from the owners. He said the present inside edge of the sidewalk is approximately five feet from the property line.

Several compromise proposals were suggested, the most popular appearing to be one which would make Key Route Boulevard a one-way street. This was discussed, but the mayor stated that if such a plan were to be considered it would be necessary to also change Masonic Avenue to a one-way street, in which case a hearing would have to be held for the benefit of those owning property on that street.

The council finally decided to postpone any decision on the street widening proposal for nine months or until after the close of the present session of the Legislature. This was on the ground that if suitable measure can be put through readjusting the allotment of gas tax funds to permit use of them in full for reconstruction purposes it might not be necessary to widen Key Route. The present gas tax ruling of the Division of Highways permits the use of only 40% for maintenance, and 60% for construction.

A petition, with photographs, was submitted by the Senior Citizens who maintain their headquarters in a portion of the Recreation Department building at 830 Masonic Avenue, asking that additional space be allotted them, and which they claim to be available. Their present quarters, the petition says, are inadequate and much of the space is occupied by the storage of garden tools, paint and equipment. The petition also asserted that at the time of their last meeting the water had been shut off at the sink and in the rest rooms.

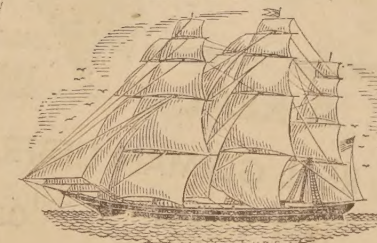

The council ordered the matter referred to Superintendent of Parks and Playgrounds, Eunett Devine, with a report requested by next Monday.

The council also voted to go on record as opposing Assembly Bill No. 1533 which would exempt from taxes all social welfare organizations in a city, on the ground its wording was too broad and would double the number of tax exemptions.

Also considered favorably a move to cooperate with other cities of Alameda County in making a survey of rubbish disposal possibilities in view of the smog control proposal to halt all public rubbish burning as of Oct. 1 next. The cost for Albany is to be limited to a maximum of \$100 and a minimum of \$600.

Councilman Blank was named as the city's official representative to the Alameda County Highway Advisory Committee, where he will present the city's views on gas tax allotments, and on the Albany Overpass.

The convictions expressed by the writers of letters printed herewith are their own, and do not necessarily represent the attitude or policy of this newspaper. Letters must be signed and P. O. address of the writer given. This newspaper will print "Letters to The Editor" if, as, and when space permits, and provided such letters are reasonably well written and contain no objectionable language or expressions in the judgment of The Editor, which shall be final.

The following open letter addressed to Mr. Bryan, has been received with the request that it be published in the "Letters to The Editor" column:

To Mr. Bryan:

We have been told that the Albany School District has a deficit of some \$200,000 plus for the current fiscal year. There are fewer pupils in the District now, and we receive less from State funds. Has the Budget decreased in proportion?

It has been said that our \$1.65 limit has been in existence for many years. Have we used the limit during all of these years? The School District receives 35c per \$100 from City taxes, making the actual limit \$2.00. Will this 35c be eliminated if an increase is voted?

Should our tax rate be higher than either Berkeley or Oakland? Is it legal for the School Dis-

trict to use its personnel and facilities to further an increase in taxes?

You have listed some things to be curtailed or eliminated if the Budget must conform to the present rate. I feel that you have picked the more sensational things, without giving any figures, in order to gain votes for a tax increase. If the price of a school lunch covers its cost, why should it be necessary to eliminate school lunches?

Perhaps our educational system is getting too specialized, extended, complicated — and expensive.

Your truly,
(Signed)
M. A. KNOLL.

Editor,
Albany Times
Dear Editor:

We are fortunate to live in Albany! Here our children have the advantages of an outstanding school system. Here excellent schools create a desirable community in which to live — Yes, a desirable community regardless of whether we do or do not have school-age children.

Last April, when I was attending the Governor's Conference on Children and Youth in Sacramento, I was amazed to find how many school districts in our state lack the privileges we in Albany take for granted. To name only a few of these — well qualified, efficient teachers; summer sessions for our children; speech-correction classes; special instructional programs for the exceptional child; well-stocked school libraries with trained librarians in charge; adequate health protection with competent school nurses in each school; and, perhaps most important: CLASSROOMS that are NOT OVERCROWDED and NO DOUBLE SESSIONS!

Isn't these all worth keeping? Let's give, as Albany voters, serious thought to a serious subject. The outstanding school system that is ours today in Albany can become the less than mediocre system of tomorrow. Let us see that THIS DOES NOT HAPPEN. It is for us to preserve what we have! It is for us to retain for our leaders of tomorrow the privileges they enjoy today! It is for us to VOTE YES and keep Albany the City we are proud and fortunate to live in!

Sincerely,
(Signed)
DOROTHY MALONEY
Co-Chairman, Citizens' Action Committee for Albany Schools.

Albany, Calif.

A "NO" vote at the School Tax Election on May 7 is a "NO" vote for Albany and its future citizens.

"NO" at the polls means (1) A 22% cut in our present budget. (2) Firing of 15 or more teachers. (3) Closing of one school. (4) Closing the playgrounds after school and during the summer vacation. (5) Increasing class sizes about 30%. (6) Curtailing present Athletic, Music and Library facilities, etc.

The prospect of larger classes and heavier work loads, the knowledge that a city which refuses to support the Schools can't possibly increase teachers' salaries. These factors would cause some teachers to quit and certainly lower the moral of those who stayed.

Closing of the playgrounds after school and during summer vacation would put the children in the street creating a juvenile delinquent problem. The curtailment of Athletic activities would contribute to this problem too.

Because of the overcrowded Colleges in this area, the entrance requirements are getting tougher. The scholastic record and High School rating are two main factors. Will our children qualify?

Real Estate values in Albany are high largely because of our present school system. Will you be proud to live in a community whose citizens won't invest 2 or 3 dollars a month to continue our future citizens' education at its present level? Would you send your children to a sub-standard school? If this does not pass will you parents be living in this community next year?

(Signed)
B. L. DAVIS

The Albany Times,
Dear Editor:
On behalf of the coming tax election we will endorse a "NO" vote. Many people are moving to Albany, and others stay instead of moving to another city. The sole reason of wanting children to attend Albany schools is that they are a better standard. We feel that a "NO" vote is a very serious and alarming wholeheartedly approve of Albany Schools as they are. Let's keep them that way.
Sincerely yours,
(Signed)

Most valuable player offers valuable advice about Savings Bonds!

Mickey Mantle's big bat won him the American League's Triple Batting Crown last year and unanimous choice by the nation's sports writers as his league's most valuable player. This young Oklahoman figures to have many more great years in the majors, but already he's looking beyond his playing days, planning for his family's future with regular savings.

Mickey says, "From personal experience, I know that the guy who comes through regularly means the most to himself and his team. I've learned the same lesson about savings. Buying U. S. Bonds regularly helps win the game of security."

"Millions of sports fans can be star players in the game of security by joining and staying on Payroll Savings where they work."

Good advice for the long haul from a long ball hitter.

For most of us, Payroll Savings offer the easiest, surest way to save. And the time to start is now. All you do is sign the application form in the payroll office where you work. Select the amount to be set aside for your Bonds each payday. Then your saving is done for you. And each time you've accumulated enough, a Bond is purchased in your name.

You keep adding to your Bonds through Payroll Savings and your Bonds keep earning interest for you. It's a sure way to make a little deduction add up to a lot of security.

So don't put off saving another day. Sign up for Payroll Savings where you work—today. Or start buying Bonds regularly where you bank.

Navy Guarantees Trade Training for High School Grads

High school graduates may be guaranteed technical training in the field of their choice by the Navy the local Navy Recruiting representative announced today.

Recognizing the individual achievements and educational development the high school diploma stands for, the Navy will process graduates who qualify and will guarantee each applicant prior to his actual enlistment that he will be sent to a Navy school following recruit training of nine weeks. Schools are available now in fields of Electronics, Aviation Electronics, Aviation, Hospital training, and in several other technical fields.

"This training in the Navy," according to the local recruiter, "is the finest available anywhere and will equip graduates for fast advancement in the Navy or for a good trade in civilian life."

The program is open to all graduates who have an earnest desire to serve in the finest Navy afloat, and who pass the necessary qualifications. Men interested in the program should contact their local Navy Recruiting Office in the Post Office Bldg., Oakland, California.

New Enlistments For Naval Reserve Scheduled Here

Two week summer recruit training classes for new enlistmentees in the Naval Reserve have been scheduled to begin on April 28, at the Navy Training Center, San Diego, according to CDR Martin Kuhn, Jr., commanding officer of the East Bay Naval Reserve Training Center, 2144 Clement avenue, Alameda.

Men who complete their two-weeks "boot" training before the end of the fiscal year, July 1, may then apply for two-weeks training afloat on fleet operated war ships, or aboard the three destroyer-escorts used by S. F. Bay Area reservists for training at sea, during this summer's school vacation.

Recruits in the reserve may also take the Regular Navy 9 to 11 week recruit training course if they desire. The recruit receives full pay and allowances while attending the courses.

New courses convene each Monday during the summer.

Further information of the Navy Reserve may be obtained from personnel at the training center.

CHEVROLET DEALERS STAGE WESTERN WAGON DAYS

Today's modern Western family finds the '57 Chevrolet station wagon a far, far cry from yesterday's old buggy, as is apparent from this picture which was taken at Old Town in Almaden, California, where Frank Dean, former movie actor, is reviving the old West. The 164 Chevrolet dealers in Northern California and Western Nevada recognize that more and more families are turning to the Chevrolet station wagon for transportation these days. That's why these dealers are staging another big "Western Wagon Days" sales campaign. The Chevrolet station wagon shown is the "Two Ten" Townsman, a four-door six-passenger model. The Chevrolet line is now on display at East Bay Chevrolet, 916 San Pablo Avenue, in Albany.

MacMahon-Hills Wedding Date Set By Bride-to-be

Miss Marjorie Louise MacMahon, daughter of Mr. and Mrs. C. E. MacMahon Sr. of 1143 Garfield Avenue, Albany, has just set the date for her wedding to Mr. John Joseph Hills, 1739 Oxford Street, Berkeley, the son of Mr. and Mrs. George Watts Hills of San Francisco. The wedding is scheduled to take place at Notre Dame de Victoires in San Francisco, with the Rev. Father Zamit, O.D., officiating, at 10 a.m. on the morning of May 4, next.

The bride-to-be is a graduate of the University of Villa Nova, Havana, Cuba, with an A.B. degree, with post-graduate work at U. C. She is a member of the Damien Club of the East Bay, and teaches at the Dover Elementary School in San Pablo. The groom-to-be has an M.A. degree in history from Stanford University; is also a member of the Damien Club, and is now department head of the Business Education Division, Oakland High School.

Evening of Fun for Luther Leaguers

Senior High Luther Leaguers of Christ Lutheran Church, El Cerrito, had an evening of fun and fellowship Sunday evening, Mar. 17, at the sponsor's home. Leaguers and their guests congregated at Roy Mespel's home about 6 p.m.

Plans for the future include an illustrated lecture on Palestine by Dr. Victor Gold of Pacific Lutheran Seminary in Berkeley. Also scheduled is a trip to Berkeley to hear the Midland College Choir of Fremont, Nebraska which will be singing at St. Michael's Lutheran Church in Berkeley on Mar. 25.

Dinner on March 27 Will Pay Tribute To 21 Albany Girls for Volunteer Services

Admiring twenty-one Albany girls for their service to the community, will be given Mar. 27 at 6:30 p.m. at the Cornell School Cafeteria.

These twenty-one girls gave a total of 2,222 hours in the "Summer Youth Volunteer Program of 1956."

They are, Marijean Brandt, Judy Rafia, Patricia Brennan, Betty Ann Barrett, Carol Dietrich, Judy Kantor, Sue McSheehy, Karen Scaparro, Linda Danner, Cynthia Lane, Karen Sorensen, Karol Sorensen, Jane Taylor, Mary Bennett, Gale McCormick, Barbara Enoksen, Nancy McKeown, Par McNair, Norveta Ochola and Barbara Smith.

The dinner will be in charge of members of the Senior Citizens of Albany, a group organized and sponsored by the Soroptimists.

Following dinner Vicki Burge, Karen DuMont and Ronnie Avalon, pupils of the DuMont Dance Studio of Albany, will entertain with a group of dance numbers.

Speaker for the evening will be Miss Lauretta Taft, a 16 year old McClatchy High School student of Sacramento. Miss Taft is president of the 13-20 Club of the Sacramento County Society for Crippled Children and Adults, Inc. (Easter Seal Society). She is a Junior Golf Champion having won some 15 trophies on the Sacramento Golf Links.

Lauretta is majoring in Science in high school and hopes to become a medical doctor in the field of Orthopedics. She is a member of the Mormon Church and on receiving her degree would like to be assigned to the Missionary field.

Her topic for the evening will be "How Teenagers Help the Handicapped."

Mrs. Cheever Mitchell of Berkeley, Director of District 1 of Southwestern Region of Soroptimist Clubs will be an honored guest at the dinner. Certificates of Commendation will be presented to the girls by Mayor Lewis M. Howell of Albany.

Church Group Plans to Stage Rummage Sale

A rummage sale will be held on Saturday, March 23 at 1721 San Pablo Avenue, Berkeley. Sponsored by the Men's Club and the Woman's Society of Christian Service of the Albany Community Methodist Church the proceeds will be used for a motion picture projector for the church and cushions for the two window seats in the church parlor. Everything imaginable will be on sale, ranging from clothes to odds and ends of bric-a-brac and furniture. Anyone who wishes rummage picked up may call LA 6-7346, LA 5-7088, or LA 6-0322.

COFFEE: A Conversation Piece

Of all the groceries in daily American use, few have as legendary and romantic a background as coffee. Some of its colorful facts and traditions make conversation pieces almost as stimulating as the beverage itself.

One Arabian legend relates that coffee came into use when it "got the goats" of a herdsman named Kaldi. He reported to the abbot of a monastery that his flock went into a frolicsome dance after eating berries off a certain tree. When the cleric boiled the berries in water, he devised an exhilarating brew which helped his monks to stay awake during midnight prayers.

This monastic coffee ritual was the predecessor of the daily coffee break enjoyed by millions of American workers and housewives. In a survey among plant managers, 82% credited coffee breaks with a reduction in worker fatigue and 62% said they increased productivity.

Coffee has also been a factor in adventure and espionage. The famed Polish spy, Franz Kolchitzky, who saved Vienna from besieging Turks, opened the first Viennese coffee house. As reward for his heroic exploits, including swimming the Danube several times to circumvent enemy lines, he was given sacks of green coffee abandoned by the fleeing Turks.

Today, you can find coffee houses in nearly every metropolis of Europe, many with their own history of famous patrons and epochal events. In England, Samuel Johnson established the Turk's Head coffee house which became a gathering place for artists and writers of his era. It is rumored that in the archives of the old Cafe Central in Herren, across there is an unpaid bill for a cup of black coffee—charged Trotsky.

In the U.S., Boston's Dragon coffee house was the "headquarters of the Boston Tea Party," when patriots dressed as Indians dumped British tea into the harbor. protest taxes, accelerated coffee popularity in this country. Americans drink more than 300 million cups of coffee a day. In addition to its role in venture, history and literature, coffee—or the lack of it—has been the point of issue in courtrooms. In Turkey, at times, a husband's failure to provide coffee for his wife was a timate grounds for divorce. Barry was among led were wooed with gifts and Bach's Coffee Cantata of a girl who insists on a wide contract stating that may have coffee whenever wishes. Nowadays, discriminating hostesses recognize the dispensability at social. To Napoleon, coffee was a thing that "gives me warmth."

unusual force." To General many in his remarks on rations, it was "something carried along, even at the pence of bread." To the clergyman and humorist St. Smith, it was "the intelligence beverage."

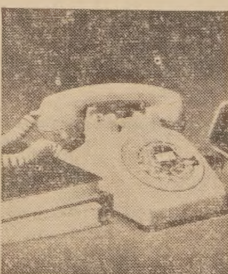

Name your favorite phase history and research will where coffee has played a And, considering its popularity in America today—our imported commodity—the crage will undoubtedly come to be part of the backbone of the world's economy.

WHAT'S DOING

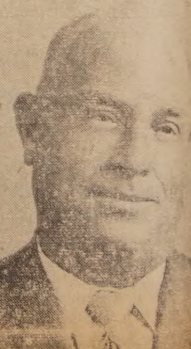

Candy-cane wire—not good to eat but very good for taping phone service to folks living in rural areas. It's a cable—six pairs of brightly colored wires wrapped around a supporting core. Candy-cane wire serves many people as six separate lines would and is much easier to put up and maintain. The colors make it easier to identify lines. Candy-cane wire is one of the many developments that helps us meet the growing telephone needs of the Pacific West.

Albany School Head Announces New Program

An accelerated high school program to permit "gifted children" to complete a college preparatory course in four years after the 7th grade was presented for study to the Board of Education by Superintendent Paul C. Bryan at the board meeting on Tuesday, March 12.

The program, Bryan said, would allow exceptional students to complete advanced training in technical fields and reach a productive stage at an earlier age.

Bryan proposed: (1) An achievement test score placing pupil at ninth grade level or above; (2) An IQ score placing pupil in upper 10 per cent; (3) Physical and social maturity placing pupil above average in grades; (4) Unqualified approval of parents.

Other qualifications would include exceptional study habits and assurance the pupil will graduate from Albany High School.

The plan, if adopted, will go into operation at the beginning of the 1957-58 school year.

The board approved a calendar for the 1957-58 school year calling for 181 school days with an additional three days of professional meetings for the teachers. Classes will open on Wednesday, September 4, will close for Christmas vacation from Thursday, Dec.

19, through Wednesday, Jan. 1. The board also approved the conducting of the Summer Elementary School for a four-week period, July 8 to August 2. The operation of the school was conditioned upon the successful passage of the tax election on May 7th. As in the past two years the Summer School would place emphasis upon remedial instruction in the 3-R's. Classes would be held from 9 a.m. to 12 noon at Cornell School. Parents who wish to enroll children in need of this type of instruction may secure application blanks from the teachers during the Parent Conferences starting March 25th.

In the interests of conserving school district funds, the board unanimously voted to grant no sabbatical leaves to teachers during the school year 1957-58.

We Are A Friend of the Family

It is only natural that the family should desire that the service be a fitting tribute; a service which, in every way, will be completely dignified. While it is true that a Ellis-Olson service is always dignified, it is also true that we serve in a friendly, understanding manner which has caused a number of people to make the observation that we act like a friend of the family.

Get that man!

We want his support. It's fellows like him who make up the growing list of public spirited citizens who are putting new strength and force into our Chamber of Commerce. Get a man like him and the Community starts going places. We need men like him to get us started in all our worth while projects — better schools, playgrounds, parking lots; attracting new business, creating additional employment — most of the things that make the Community a better place to work and live in. It won't take him long to find out that every time the Chamber of Commerce benefits the Community, it benefits him too. Ask him to join the Chamber of Commerce. The membership campaign is on.

Councilwoman Kathie Zahn was in the office of the Albany Times early this week to report a favorable and widespread response to her appeal to the citizens of Albany, through an advertisement in last Friday's Times, to support her in her campaign for election to mayor by the members of the council in April. She claims the post is hers by right of precedent, and that her seven years on the council have definitely made her eligible for the job. It is understood that some 20 petitions in her behalf are being circulated for presentation to the council.

SCIENCE IN YOUR LIFE

New Lives For The Old

Old age is traditionally regarded as a time of drastically curtailed vigor and activity. New knowledge of the process of aging, however, is beginning to lead specialists to believe that this need not always be so.

Diminishing vigor in later years, research has indicated, is often a result of inadequate intake of vitamins, minerals and important proteins. Lessening hormone production by the body after the reproductive years also appears to play an important role. If these substances could be supplied in the diet, research workers reasoned, perhaps the aging process could be slowed down.

In one recent test, Dr. H. L. Klemme, an Arkansas physician, evaluated this kind of supportive therapy in 35 aged people. A special formula, including vitamins, minerals, hormones and blood-building ingredients, was used in the test.

After two weeks of treatment, 33 of the 35 people showed both physical and mental improvement, Dr. Klemme reported. The invigorating effect of the formula, called Neobon, was accompanied by a sense of well-being, improved appetite, better flexibility of limbs and improved social behavior—truly a remarkable achievement. For many older people, who are plagued with poor teeth, ill-fitting dentures, emotional depression and lack of any compelling interests in life, nutrition is a constant problem. Living on toast and tea may be the easiest way to get through mealtimes, but it is far from the healthiest way to support the body's needs. For such people, a diet supplement can enable them to enjoy to the fullest those extra years given them by modern medical advances.

Why just dream about the home you want?

Here's How Payroll Savings Can Make That Dream Come True

If accumulating the down payment has been keeping you from building the house of your dreams, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

All you do is sign a Payroll Savings application at your pay office, naming a certain sum to be set aside for you each week—a few dollars or as much as you want. After that, your saving is done for you—automatically.

And every time there's enough in your account, a U. S. Series E Savings Bond is purchased in your name and given to you. Soon the few dollars saved from your pay each week add up to a generous amount.

So don't get in the dumps about down payments. Meet the cash needs for your dream house the way millions of other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank.

YCA Spring Term Training Still

Youngsters
Albany YMCA spring term instruction which starts Saturday, Mar. 16, is still in enrollment, which may be at the "Y", 921 Kains Avenue, week days or at the Al-Pool, Portland and Pomona on Saturday mornings. Classes are as follows:
— Beginners 8 to 12 years — 9:20
— Beginners group 6-8 years — 10:30
— Advance Beginners — 11:20 a.m.; Life Saving Water Safety — 8 a.m.; Swimming, 8:40 a.m., complete the full Beginners course. The youngsters must do the elementary crawl — sculling on the back — into the deep water swim 50 turn around and swim back. They are ready for the Low Water group.
Sign the swim instruction card. A. Thomas, Kay-Den-Elmer P. Coble, assistant 20 trained volunteer.

motor fuel used in the two campaigns would have filled 238 miles long. The lubricating oil would have an additional 125 box cars.

Black Is Staging Comeback in Auto Color Combinations

Having run the gamut of nearly all the colors of the rainbow, automobile manufacturers have concluded that two-thirds of American motorists prefer two-tone cars with black gaining favor as one of the colors, reports the California State Automobile Association.

The two colors that were in most demand in 1955 were green and blue, with turquoise running a close third. Beige, red, white and ivory were popular in combination too, said the CSAA.

But the color that staged the biggest comeback during the year was black, noted the motorists' organization. One manufacturer reported that more black paint was used in painting two-tone combinations than any other color.

SPEAKING OF CARDS

HAVE A HEART!

Have you always wanted to prove that your heart's in the right place? Then here's your chance.

February is "American Heart Month" and during each of its twenty-eight days the 350 chapters of the American Heart Association will go all out to raise funds for the unending battle against our number one public enemy of health, Heart Disease. Here's how you can show that your heart's on the right side.

February is the perfect month to plan a Hearts card party as there are many occasions that call for a "hearts" theme. There's Valentine's Day, of course, when you might invite over several couples in the neighborhood. Or, you might set the date for Washington's or Lincoln's birthday, to honor two of America's stout-hearted patriots. If there's a February engagement or wedding in your crowd, what could be gayer than a "Hearts" shower?

Whatever date you choose for your Hearts card party, ask your friends to bring along a contribution for the Heart Fund and you can turn the proceeds over to your local chapter or to the American Heart Association.

Most of us know how to play Hearts. It's been a popular card game for generations. Dating back to an 18th Century Spanish favorite called Reverse, Hearts is the only game in the vast card repertoire which bears the name of one of the four major suits. It is also one of the few card games in which the player tries to lose rather than win tricks.

The object of the game, which many of you probably know, is to avoid taking Hearts in tricks, because each Heart won counts against you. The villain of the game is the Queen of Spades and she counts thirteen points against you. She's the reason Hearts is often called Black Lady.

Here's your opportunity to play cards to your Hearts content while you're helping a worthwhile cause. If you would like the official rules for Hearts, plus some popular variations such as Omnibus Hearts, Cancellation Hearts, Domino Hearts, send for a free leaflet to Dept. H, Playing Cards, 420 Lexington Avenue, New York 17.

Many Strange Ingredients Go Into New Autos

Production of cars and trucks calls for many strange ingredients before the "cake" is pulled from the paint-drying ovens.

"Automotive purchasing agents, according to the National Automobile Club, are paid to worry about the supply of such materials as walnut shells. The shells, ground into particles one-thirty-second of

an inch in diameter, are used as shot in plating burrs of metal from castings.

Ground apricot pits, in another instance, help clean the armature cores of electric motors.

Sulfur was once best known for its use in matches. Today it turns up as an ingredient in cigarette lighters, as well as in springs, engines, bumpers, other steels, radios, heaters, plastics, and in rubber, especially in tires. Some 35 pounds is used in the average car.

LEGAL NOTICE

ORDINANCE NO. 57-06
AN ORDINANCE OF THE CITY OF ALBANY ADOPTING THE UNIFORM PLUMBING CODE, 1955 EDITION, BEING THE PRIMARY CODE AND CHAPTER 51 OF THE UNIFORM BUILDING CODE, VOLUME 1, 1955 EDITION, WITH CERTAIN EXCEPTIONS AND ADDITIONS TO THE UNIFORM PLUMBING CODE, TO BE KNOWN AS THE "PLUMBING AND GAS APPLIANCE CODE" OF THE CITY OF ALBANY AND REGULATING PLUMBING, DRAINAGE, SEWERAGE, GAS PIPING, AND APPLIANCES IN THE CITY OF ALBANY.

Section 1. REPEAL. The following Ordinances and the following Resolutions, be, and they hereby are, repealed:

(a) Ordinance No. 529, excepting the amendment thereto as provided in Ordinance No. 706.
(b) Ordinance No. 483.
(c) Ordinance No. 474.
(d) Resolution No. 1730-A.N.S.
(e) All Ordinances and Resolutions and/or parts of Ordinances or Resolutions of the City of Albany in conflict herewith.

Section 2. ADOPTION. Two certain documents, three copies of each of which are on file in the Office of the City Clerk of the City of Albany, County of Alameda, State of California, which said copies are marked and designated as "Uniform Plumbing Code, 1955 Edition, as adopted by the Western Plumbing Officials Association in October, 1954," and "Chapter 51 Uniform Building Code, Volume 1, 1955 Edition, published May 1st, 1955, by the Pacific Coast Building Officials Conference," be, and the same hereby are, adopted as the "Plumbing and Gas Appliance Code" of the City of Albany regulating plumbing, drainage, sewerage, gas piping and

appliances in the City of Albany. County of Alameda, State of California, less the exceptions and amendments thereto as hereinafter provided, and providing for the issuance of permits and collection of fees therefor, and each and all of the regulations, provisions, terms, conditions, penalties, and each part and portion of such "Uniform Plumbing Code," including Appendices A, B, C and D thereto and "Uniform Building Code, 1955 Edition, Chapter 51," with changes therein indicated, now on file in the Office of the City Clerk of said City of Albany, are hereby referred to, adopted, and made a part hereof as if the same were fully set forth herein.

Section 3. DELETIONS. That the following Sections and Sub-Sections of said "Uniform Plumbing Code, 1955 Edition," be deleted:

(a) Administration, Part 1. — Section 1.1, 1.2, 1.3, 1.4, 1.5(10) and 1.11.

(b) Administration, Part 2 — All Sections — Chapter 2 — Sections 203(a), 203(b) and 203(d).

Section 4. AMENDMENTS AND ADDITIONS. That the following Sections and Sub-Sections and/or amendments or additions thereto, be added to and included in the said "Uniform Plumbing Code, 1955 Edition":

(a) That the following words are hereby added to Section 1.8, Part 1, Administration, Violations and Penalties, so that the first sentence shall read as follows:

"Any person, firm or corporation violating any of the provisions of this Code shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine not to exceed Three Hundred Dollars (\$300.00) or by imprisonment in the County Jail not to exceed thirty (30) days, or by both such fine and imprisonment."

Experts Report Causes of Many Breakdowns

Tire failure was the leading cause of the record-breaking number of automobile breakdowns experienced by the nation's motorists in Q 1955, reports the California State Automobile Association.

The perennial woe of drivers — flat tires — and other motor car mishaps totaled 50,139,000 trouble calls to garages of the nation last year, according to an estimate received by the motorists' organization from the American Automobile Association. The estimate was based on reports from the 18,000 garages under contract to render emergency road service to members of affiliated AAA motor clubs.

The total was an increase of 9.06 per cent over 1954, although there was an increase of only 5.96 per cent in the number of passenger cars.

Flat tires occasioned 12,460,000

Near Terrace Park!

If it's a spacious 6 room home you need, call to see this roomy home just around the corner from Albany's beautiful Terrace Park. This home is atop a small knoll overlooking both bays, with large window in living room. There's a large entrance hall, full dining room, extra large kitchen and breakfast room. Plus 2 1/2 bedrooms. The 50x109 foot lot is large, and there's a nice concrete patio in the level rear yard. Also a large garage and workshop. Full price just \$13,950 — with down payment that could amaze you.

Large Executive Home

This is one of the finest homes on The Arlington near the Circle. It's a Mediterranean styled home on beautiful grounds with sweeping driveway, surrounded by oak trees, lovely lawns, with a running creek in the canyon. The home itself has 10 rooms, with a living room built for entertaining, library, a formal dining room, and a lovely terrace opening off kitchen. There's 6 bedrooms, 3 bathrooms, full basement and altogether more facilities than can be described in an ad. The price is far below reproduction costs on today's market. If you desire a real home, call us for appointment.

Mira Vista Bungalow

Love that view from the picture window, of this 5 room home, only 7 years old. There's many fine features to this home, not the least of which is the large enclosed yard with new concrete block wall, and the sweeping front lawn. Priced only \$12,750 this 2 bedroom home could be your answer to the high cost of new building. Possible low down payment.

Income Properties

1—ALBANY FOURPLEX One of the newer and nicest buildings in Albany, with four lovely 3-room apartments all rented at \$75. There's small garden, neatly kept, and each unit has a front street entrance and large garage. Definitely a must-see for anyone desiring a fine, secure fourplex.

2—EL CERRITO DUPLEX A modern Dutch Colonial building with beautiful rooms, beamed ceilings in living room, extra large bedrooms, on large commercial zoned lot, but on quiet residential-type street. At \$16,950, this is a "buy". Owner may consider small home in exchange — call for information.

Albany Hill Stucco

This home has oodles of possibilities, having 5 rooms, and possible chance for a 3rd bedroom. Has lovely view of the Berkeley Hills, it's near Vista school, and priced at only \$9,500.
